

I would like to express my opposition to the weakening of the Indiana Telephone Privacy Law (dockett 02-278). I appreciate the way the law is written and don't consider to effort to weaken it due to an "established business relationship." I do NOT want business calling my home, whether I'm currently in a relationship with them or not. There are too many opportunities for them to obtain express consent to call us if we welcome thier telemarketing. For the majority of us, not having the phone ring all night is a real benefit. Please don't take that away.
